About

Dynamic and motivated individual with a passion for innovation, problem-solving, and continuous improvement. Committed to delivering impactful results and thriving in fast-paced, dynamic environments.

Education

Symbiosis Institute of Technology   Expected June 2025
Bachelor of Technology in Computer Science (GPA: 8.30 / 10.00)   *Pune, Maharashtra*

Skills

Programming Languages: C++, Java, Javascript, Python.
Web Technologies: HTML, CSS, Framer Motion, Bootstrap, Tailwind, ReactJS, NextJs, NodeJS, ExpressJS.
Tools: Git, Github, Bash Scripting.
Cloud Technology: Amazon Web Services (AWS).
Database: MongoDB, SQL.
Soft Skills: Leadership, Communication, Versatile, Public speaking, Problem Solver, Logical thinking, Teamwork.

Experience and Roles

ACMEGRADE   Feb 2023 - April 2023
Machine Learning Intern   *Pune, Maharashtra*
- Interned at Acmegrade, mastering data analysis, machine learning, and Python for AI applications
- Leveraged TensorFlow and InceptionV3 to engineer effective ML solutions tackling real-world challenges.

ACM   Feb 2023 – Present
Cloud Computing Co-Head   *Pune, Maharashtra*
- Guided hands-on sessions on AWS, IBM cloud platforms, fostering collaboration with industry professionals.
- Engaged ACM members with real-world insights from cloud computing experts.

Projects

Signarity | *Flask, Augmented Reality, React.js, PHP, SQL*
- An immersive platform fusing AR and AI enables sign language learning, validation, with skill assessment modules.
- InceptionV3 AI model integrated with Flask backend for Sign Languange Recognition, offering a web interface.
- AR-presented sign language models from Blender, paired with CSS-styled web interface; user data stored in SQL.

QuickPick | *React.js, Nodejs, SQL, Bootstrap, MUI*
- An Online Retail Management System with a user-friendly web interface for seamless retail operations.
- React front, Node back, Transaction Control Language for database operations in platform.
- The Material UI components enhance the user experience, while the SQL database stores transactional data and supports Payment Gateway integration.

YelpCamp | *HTML, CSS, Express.js, Bootstrap, MongoDB*
- Web app for campground exploration, featuring user authentication, campground creation, and reviews.
- It utilizes HTML/CSS for the interface, JavaScript for functionality, and Bootstrap for responsiveness.
- Express.js manages backend with Passport.js, MongoDB, and Cloudinary for authentication, storage, and image hosting.

Certifications

- Supervised Machine Learning: Regression and Classification
- The Web Developer Bootcamp
- AWS Cloud Practitioner Essentials
- IBM: Introduction to Cloud Computing
- The Complete Agile Scrum Fundamentals Scrum Course
- Cisco Networking Essentials
